Good Advice

Cosmetic Surgery with a Personal Touch

by Stephen T. Greenberg, M.D., F.A.C.S.

Recent advancements in technology have made cosmetic surgery procedures not only safer and easier for the patient, but have helped create more natural results. That being said, choosing the right doctor for YOU can feel a bit overwhelming. That's why at Greenberg Cosmetic Surgery we feel it's important to expertly advise our patients

and address each and every one of their questions, requirements, and concerns.

We'll help you develop an overall surgical plan, inclusive of diet and exercise to help you achieve both a natural look and comfortable feeling. This comprehensive approach to assessing a person's needs allows you to better achieve a positive and realistic result. We offer breast augmentations, breast lifts, breast reductions, tummy tucks, "mommy makeovers," and even "grandma makeovers," as well as a menu of non-invasive Med Spa services.

The best candidates for plastic surgery are those who want to look their best by improving upon their natural beauty, while at the same time

maintaining realistic expectations. Selecting the best surgeon, determining the areas that you would like to improve, asking many questions, combined with defining the appropriate treatments should result in a better sense of self and an improvement in both self-confidence and appearance.

"The best candidates for plastic surgery are those who want to look their best by improving upon their natural beauty, while at the same time maintaining realistic expectations."

About Dr. Stephen T. Greenberg:

Stephen T. Greenberg, M.D., F.A.C.S is a nationally recognized cosmetic plastic surgeon based in New York. Dr. Greenberg is well-known for his expertise in the field, and is frequently interviewed on the latest cosmetic surgery techniques. He is often a featured speaker, and regularly appears on many local and national television and radio shows. Dr. Greenberg is the author of "A little Nip, A little Tuck," and is the creator of the Cosmetic Surgeon in a Jar™ and Saige anti-aging skin care lines. In addition, Dr. Greenberg hosts his own weekly radio talk-show; the only regularly scheduled cosmetic surgery show in the country, on a number of New York area stations.
